Project Graduate Adoption Contract

Program Graduate's Name: _____

Adopter's Name: _____
Home Address: _____
Home Phone Number: _____
Work Phone Number: _____
Email: _____

I, the undersigned, hereby confirm that I either own my current home or that I have received permission from my landlord to keep this dog in my home in the event that I am a renter. I understand that under the terms of this contract I agree to provide the above-listed dog with a good home, including adequate food, water, shelter, exercise and affection. I further understand that I am required to pay an adoption fee of $100 prior to taking the above-listed dog home. In the event that I am no longer able to provide this dog with those items, I hereby agree to find this dog a new home with someone who is able to provide for these needs. I also hereby agree that I will not, under any circumstances, return this dog to an animal shelter during the course of the dog's remaining life. I understand that the Shelter Dog Rescue Project has worked with this dog for approximately 6 to 8 weeks on house training, socialization and obedience training. I understand that bringing a dog into a new environment will require further house training, socialization and obedience and hereby agree not to hold the Shelter Dog Rescue Project, the dog's previous foster parents, UC Davis, the CA 4-H Club or any other project participants liable for any damage that may be caused by my adopted dog. I understand that dogs are animals and that they require supervision at all times and that damage to property or people can occur, especially if the dog is unsupervised and/or allowed free access to my home or yard. I further agree to obtain any necessary medical care for my dog and to obtain and maintain a valid dog license in my home county.

I have read and understand the above terms and conditions of this adoption.
